The Upside of Down Syndrome

## INDIANA COLLEGIATE MATHEMATICS COMPETITION (ICMC)

The [Indiana Collegiate Mathematics Competition](#), often referred to as the ICMC, is a team-based competition for students from area colleges and universities. In this competition, students spend two hours working in teams of up to three members to solve a series of questions on a wide range of mathematical topics. The ICMC began in 1966 and is still going strong! The 2023 ICMC will take place during the spring meeting of the Indiana Section of the MAA.

**Free registration for students and high school faculty**

**Up to 5 PGP points**
